

## Question

---

What client platforms can Replicator replicate data from?

## Answer

---

Some of the popular client platforms that we support are UNIX O/Ss (including AIX, DEC, SOLARIS, SGI, HP/UX, SCO, etc.), Linux O/Ss (including Red Hat, Caldera, SUSE, VA LINUX, etc.), Windows (i.e. 95/98, 2000, NT), and Mac OS X (Mac OS 9 and prior through free third party utilities).
